We are committed to using industry-approved sanitation, hygiene, and infection control practices to ensure the safety and well-being of our visitors, residents, and staff on our islands.

How you can be SanCap Safe

**Wear a Mask**

Face coverings are mandatory while inside public places as per the City of Sanibel proclamation 20-040. We highly recommend wearing a mask while you are out in public outside where social distancing isn’t possible. Your mask should cover your mouth and nose. A mask is not a substitute for social distancing.

**Wash your hands often**

Wash your hands with soap and water for **at least 20 seconds.** If soap and water are not readily available, use a hand sanitizer that contains **at least 60% alcohol.** Cover all surfaces of your hands and rub them together until they feel dry. **Avoid touching your eyes, nose, and mouth with unwashed hands.**

**Avoid Close Contact**

Stay **at least 6ft apart** from others while inside and outside.

Do not gather in groups.

Keeping distance from others is especially important for people who are at **higher risk** of getting very sick.

**Cover your coughs and sneezes**

If you are in a private setting and do not have on your cloth face covering, remember to always **cover your mouth and nose with a tissue** when you cough or sneeze or use the inside of your elbow. Throw used tissues in the trash. Immediately wash your hands with soap and water for **at least 20 seconds.** If soap and water are not readily available, clean your hands with a hand sanitizer that contains **at least 60% alcohol.**
