Introducing a new solution for association member management

There are several member management options to choose from but only one with a legacy of being used by over 1300 chambers of commerce serving over one million business members.

MemberZone is a new comprehensive member management solution from MicroNet, providers of ChamberMaster. MemberZone delivers management software, website solutions, and marketing tools to help you streamline your Back Office processes and gives you the tools you need to promote and grow your business members.

Let us help you provide value not only for your organization, but for the members and community you serve. Call for a free quote today.

Easy conversion process, no mystery fees

We offer stress-free complete conversion assistance from start to finish, including your own personal Implementation Manager who will guide you through our database setup, website integration or design, and training.

We welcome the opportunity to spend a few minutes showing you our software and specific examples of how we can partner with you to provide a solution that fits your needs. Schedule your demo tour now by emailing info@micronetonline.com or calling 800-825-9171 ext. 5.
